

GIVE YOUR MIND SOME FRESH AIR AND EXERCISE THIS SUMMER

Only Atari® could combine so much learning with so much fun. Atari has incorporated an innovative educational philosophy into a total creative environment where youngsters can develop a wide variety of computer skills *and* have a summer they'll never forget.

- Curriculum developed to meet the needs of youngsters with varying levels of experience.
- Hands-on experience with the latest ATARI home computer products.
- Access to the most recent software.
- Evening programs featuring lectures by professionals in the computer field and computer-related films.
- Complete sports and activities program including swimming, tennis, team sports, arts & crafts, field trips.
